OUR VISION

To successfully support Lansdowne Children's Centre to allow children/youth with special needs to reach their optimal potential.

CAPITAL CAMPAIGN

Our Centre has outgrown its current building and our staff don't have adequate space to service our growing waitlist. We need a new place to call home so we can continue providing our best support to our kids.

About Us

We now offer Camp & Recreation (CARE)

WHAT IS CAMP AND RECREATION?

CARE provides multiple evening, Saturday, and P.A. Day programs each month from September through June, as well as one week of March Break camp. In July and August, CARE offers multiple weeks of Summer Camp. In all CARE programs, clients are paired with Support Workers who provide individualized support and encourage successful participation. Programs take place at Lansdowne Children's Centre and within the community.

CARE programs promote diverse and viable goals. These include independence and personal growth, development and discovery of new skills and interests, social opportunities with other program participants, and relationship building with Support Workers.

CARE provides a supportive, safe and inclusive environment where children and youth can participate in hands on, meaningful experiences. As a Recreation program, we provide engaging opportunities to explore and experiment with the world around us and participate in our community.

Therapeutic Recreation (TR)

WHAT IS THERAPEUTIC RECREATION?

Therapeutic Recreation (TR) services are thoughtfully designed to develop and facilitate individual goals, adding to a participant's capacity for enjoyment, through engagement in leisure activity.

TR SERVICES FOCUS ON OPPORTUNITIES TO:

- Strengthen skills necessary for participation
- Discover and build upon personal interests
- Increase social skills/opportunity
- Maximize independence
- Foster community involvement

"Lansdowne Children's Centre has made a huge difference for our son. We are so grateful for the dedicated staff and services he has received from the Centre for the past 5 years. Thank you for a job well done!"

**Aeva****THIS IS MY AEVA.**

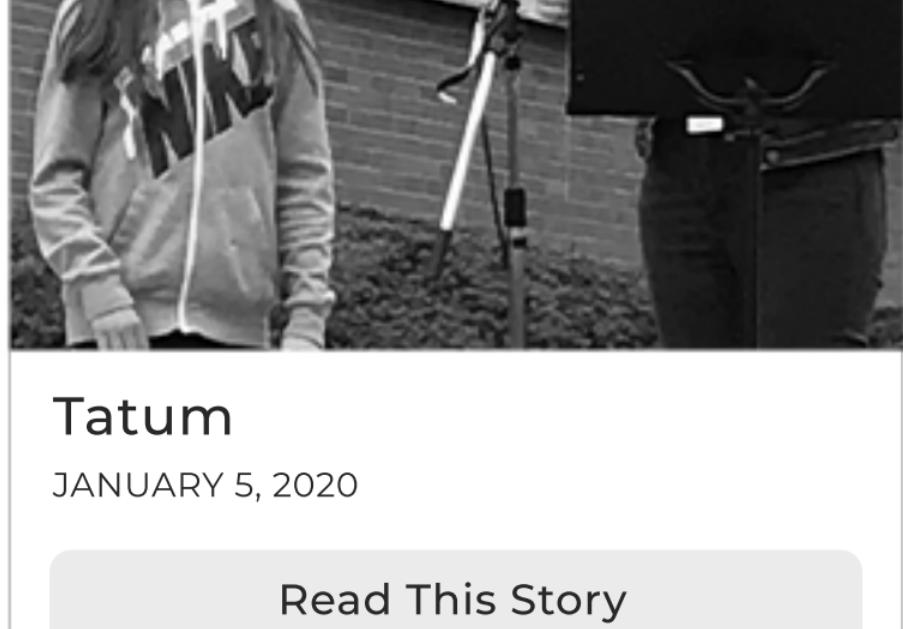

I may have mentioned before, but she is hilarious, creative, clever, cheerful, and very, very determined. She has been through much and more in her 11 years, and still has some struggles she deals with daily. These struggles sometimes prohibit her from doing things that other kids her age get to do. She loves to dance, and be around other people. She loves trying new things, and is very creative in figuring out how to adapt activities to suit her needs. She has finally met her match in the Therapeutic Recreation team at Lansdowne ...

Our dream: a place where our kids can grow

Lansdowne needs a new home for our growing service responsibilities and more local families whose children need services.

To build a fully-accessible, innovative, technologically-enabled facility our families now require, we must secure sustainable funding, working with government, partner organizations and friends of Lansdowne in our business community.

A new centre is absolutely essential... Raising a child with special needs draws on physical, social and mental supports. Lansdowne Children's Centre is here to provide them... But thousands of kids on a waiting list amounts to a community crisis. We champion the needs of these families—it is our only focus. The ballooning list of families whose children join our waitlist drives our passion for the Lansdowne solution: a home that fits our community's needs today and gives them a chance to grow to see their tomorrows.

Lansdowne's extraordinary staff and leadership shares our children's and families' hopes and dreams. The most urgent part, that will unleash real change, is a new building. How will you be part of it?

THIS ARCHITECT'S CONCEPT OF OUR NEW BUILDING NEEDS YOU TO HELP US BRING IT TO LIFE!

Our capital campaign brings new corporate leadership gift opportunities beyond support of Lansdowne programs and services.
